Are you safe in your accomodation?

One of the fundamental preconditions in order to maintain the continuous cycle of touristic activity is Safety.

It is very important for everyone to be safe during their trip and holiday.

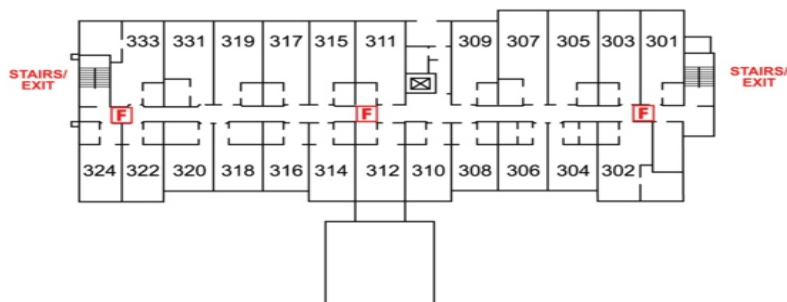

SAFETY SECURITY

The purpose of the "Safety and security in Accommodation Units" project is to describe the natural and man-made threats faced by anyone visiting an unknown environment.

EMERGENCY EXIT PLAN

1. If you detect fire or smoke, DIAL 911 OR THE FRONT DESK.
2. Feel door to see if hot. If not, open cautiously and proceed calmly to nearest fire exit (see floor plan). Take your room key.
3. If you cannot leave, remain in your room and seal door with wet towels until assistance arrives.

CHECK IN 3:00PM / CHECK OUT 12:00PM

NOTICE TO OUR GUESTS FOR YOUR PRIVACY & SECURITY

When you are in your room, double lock your door by turning the thumb lever located just above the door lever. Also, use your door guard latch located just above the door lever assembly. Do not open the door or release or any of the locking devices until you have visually identified any caller or visitor through your door viewer.

CHECK OUT TIME

This hotel has established a check-out hour of 12:00PM. Consideration for extension of the hour may be granted by the Front Desk depending on existing conditions.

Training courses of KDETYD IN GREECE DRAMA

Target groups are all the employees working in an Accommodation Unit, both permanent and seasonal.

It concerns the staff working in the reception, room service, offices, technicians-maintenance, employees in the Food and Beverage services of the hotel, and private security staff working permanently or seasonally in hotels.

Finally, the target group also includes all the people who are interested in travelling safely.

- 
- They will be trained to face natural disasters, extreme weather conditions, recognize suspects and evacuate a building safely.
 - They will gain skills to face the vulnerability and risks of Tourist Facilities, they will adopt new attitudes and perceptions regarding Safety.
